## MESSAGE

Swayam Sevi Shikshan Sanstha Sangh had passed the resolution in its meeting held 7/9/2014 that unless the above demands are accepted we will not fill the portal. Sajjan Singh Punia met Chief Minister Vasundhara Raje on 8/9/2014 and next day notice was issued - one month time extended for submission of portal, District committee to be constituted and waiving the condition of signature of CA on every paper to be submitted by the institution.

We met the authorities of the Fees Regulating Committee and they informed us that formula for deciding the fees has been decided. According to this formula 145% increase on the fees charged in 2010-11 will be allowed, increment on salary and D.A. payable to the government teacher's will be allowed to the private institutions, fees will not be less than the expenditure of the institution. In spite of this if any institutions has any objection they can approach the FRC within a month. 25% increase per year from 2010-11 has been allowed.

Under these circumstances you are free to decide whether portal is to be filled or not.

We have been informed by the authorities that those institutions which do not fill up the portal will not be permitted to charge fees more than the decided amount.
